SANDBLASTING & PAINTING

American Tank Company has one of the best Sandblasting and Painting operations in southern Louisiana. ATC is equipped with experienced personnel that can provide quality services and handle time sensitive projects. These services can be accomplished in almost any weather condition, seven days a week. Our coating facility can accommodate objects up to 30 ft. high by 30 ft. wide. The blast and paint division is also equipped with several portable rigs to work on-site, inland, water or offshore job sites.

American Tank Company chooses to use only the best products in our painting needs. Carboline is the preferred protective coating. Carboline, founded in 1946, is the leader in this field, supplying engineered coating systems for every industry and every protective coating need. Other coatings can be applied upon customer or project specifications.
